SPRING LEADERSHIP LUNCHEON

Date: Tuesday, April 10th

**Location: At Doubletree Hotel near Westport
1973 Craighshire Rd. – 63146**

**Time: Hospitality - 11:30 am
Lunch – 12:00 noon**

**“WHAT IS AT THE CORE OF OUR
DECISION MAKING?”**

**Keynote Speaker: Jeff Koziatek
Core Authenticity**

Make your reservations before April 2nd to hear this motivational presentation.

We will recognize **Jim Heisserer** of Ross & Baruzzini as the 2017 recipient of the Michael A. Postiglione Award. This award also allows us to recognize an individual that shows an extraordinary dedication and commitment to the Electrical Board during the year. The honoree is someone that goes “above and beyond” to ensure that the Electrical Board remains a successful organization.

In addition, seven recipients of the EBMI Foundation scholarships will be recognized. The committee commented on how difficult the selection process was this year because any of the 24 applications were deserving of our scholarship. Unfortunately, we only have funds for seven scholarships this year. **The list of recipients is included in this FLASH.**

Scan and email reservation form to annie@electricalboard.org before April 2nd.

Please reserve _____ Tickets @ \$ 50 Our Company is an EBMI member

LET'S TALK...

Christmas Mixer is moving to St. Charles Convention Center

The EBMI Board of Directors approved the move to the St. Charles Convention Center for 2018. So, mark your calendar...

CHRISTMAS MIXER 2018 **Wednesday, December 5th** **At St. Charles Convention Center**

We were at the Chase Hotel from 1966 to 1988 when they closed the Chase. The Mixer was held for the next 7 years at the Hyatt Union Station and then 5 years at the Adams Mark. In 2001, we returned to the Chase when it reopened. While we have enjoyed the Chase as a venue of the Christmas Mixer for many years, we have moved the Mixer around from time to time. Taking everything into consideration, the Board of Directors agreed it was time to move on to a new location.

Since we have had the Electrical Expo at the St. Charles Convention Center for the last three shows, we feel that most members are familiar with this location. The one comment heard most often was about parking. SCCC has **FREE**, convenient parking.

The Mixer will take place in the North Exhibit Hall, with the hospitality period in the lobby area. This is the area that we have Expo registration and a number of booths outside of the main hall. All Mixer activities will be on the lower level, so we encourage you to park on the back side of the convention center. The table layout is different from the Chase Hotel, so we will need to make adjustments to company table locations.

We hope members will see this as a positive change and allow the 67th Annual Christmas Mixer to kick-off the Holiday Season.

INDUSTRY NEWS

Schaeffer Marketing Group is proud to announce that **Kristina Steiger** has been named President, effective February 1, 2018. Kris is a prior President of ERO and is currently serving as President of the Women's Electrical Board. She has over 20 years of experience in the electrical industry, 18 of which she held various positions at Schaeffer Marketing Group. **Michael Schaeffer** will stay on as Chairman.

IN MEMORIAM

The Electrical Board officers and staff express our sincere condolences to family of **Ed Swallow**, retired from Union Electric who passed away on February 14th.

ELECTRICAL BOARD OF MISSOURI AND ILLINOIS

900 S. Highway Dr.-Ste. 306,
Fenton, MO 63026

636-305-6434

www.electricalboard.org

EMERGING ILLINOIS ENERGY TOPICS:

1) Ameren Energy Efficiency Programs

Speaker: Agnes Mrozowski, Energy Efficiency Advisor for Ameren Illinois

This session will provide Ameren Illinois program highlights.

2) Energy Efficiency or Solar Products - Table top vendors will provide 3 minute presentations discussing the benefits and/or features of one of their products. During the breaks, attendees can visit their table tops to seek more information on these products.

3) Community Solar

Speaker: Brian Cuffle, Ameren Illinois and Liz Barrows, Ameren Illinois

Overview of what community solar is and explain about the portal on how subscribers will be adding customers to their unit.

4) Solar Interconnection Analysis

Mt. Vernon Speaker: Cody Davis, Ameren Illinois

Springfield Speaker: Matt Purcell, Ameren Illinois

A walkthrough of the criteria Ameren uses to evaluate the impacts of large solar generators on the distribution system.

5) Mt. Vernon program only - Controls, Tunable White Light, and PoE: What's Next for LED Lighting?

Mt. Vernon Speaker: Kris Steiger, Schaeffer Marketing Group

Moving beyond the savings of simply changing to LED lighting, we will be diving into lighting controls offering maximum energy savings. In addition, looking toward the future in lighting, by exploring lighting controls, PoE technology, and Human centric lighting.

Springfield program only - LED Lighting - It's Not Just Lighting Anymore

Springfield Speaker: Yoelit Hiebert, Certified Energy Manager and Lighting Certified, Ameren Illinois

We'll explore the recent shifts in the lighting industry in how we think about lighting and what lighting can do. LED lighting for horticulture is a game-changer in how our food is grown, this presentation will address what's driving this transformation. Human centric lighting is another topic garnering lots of attention – this presentation will take a look at what human-centric lighting is, what we know, and what needs further study. And last, but not least, networked lighting controls can save energy and improve the comfort and safety of building occupants, we'll take a look at the current “state of the art.”

6) Compressed Air Management

Speaker: Jim Timmersman, Power Supply Industries, PSI

Where is all my compressed air going? Learn about compressed air systems, block diagramming and maximizing Energy Savings.

TABLE TOP VENDORS

(We encourage all attendees to view products/services before program and during breaks. These vendors help to support these seminars in your area. You can learn of new products that may be able to help your company save money or assist with a problem so make sure to connect with these vendors.)
